DECEMBER 2009 FIRE REPORT

The Fire Department had their regular training sessions and meetings in December. There were three responses; a motor vehicle accident, an alarm at St. Anthony's School and one report of smoke from the back of a truck. None of these incidents required any assistance from the fire department and they were all looked after by the resident or occupant.

Equipment:

The furnace at the Point Alexander Fire Hall was replaced when we found out the repairs to the old one would be approximately one third of the price of a new one and the old one would have needed to be replaced in the spring.

Kevin Waito
Fire Chief
