10. **ADJOURNMENT**

CORPORATION OF THE TOWN OF LAURENTIAN HILLS

FEBRUARY 2010 FIRE REPORT

The Fire Department had their regular training sessions and meetings in February. There were two responses this month; one gas leak at the pumping station east of Chalk River on Highway 17 and one incident of a resident jammed between a lumber pile and the bucket of a back hoe.

Equipment:

Over the past few months we have had problems with rad hoses on both the emergency generators at each fire hall. We think the problem is from the units block heaters being plugged in all the time. The generator in the Chalk River hall has been unplugged for two months now and has had no trouble starting it on maintenance nights. We are going to try the same for Point Alexander.

Events:

The Fire Department participated in the Winter Carnival Parade with the fire trucks.

On February 4th I attended a car seat coalition meeting at the Renfrew County Health Unit. There are changes to the qualifications for installers and unfortunately we do not have any firefighters able to take the time required to qualify.

Kevin Waito
Fire Chief
